Morning Libby,

This is Dan Bender, PIO for La PLata Sheriff's Office. I am sending you the pics below from my home e-address because I am not having very good luck uploading pics on the Sheriff Office e-address system remotely. I have to upgrade to Silverlight or something.

I took the photos below Sunday from the Gold King Portal then captioned them so you would have an idea of what you were looking at. Note the two before/after photos of the lower catch basins near Cement Creek Saturday and again Sunday. These are reduced file size for ease of e-mailing.
